

Biblioteca Ambulante

Los títulos no están siempre disponibles debido a que están en préstamo a nuestros miembros. En el caso de las publicaciones científicas se cuenta con la versión impresa del archivo digital adquirido por el investigador que cedió su copia única de trabajo.

1. Libros de Acuarismo en general o Piscicultura

- Digital Photography and the Aquarium - M. Cameron
- Fisheries Technologies for Developing Countries
- Fundamentos Biológicos, Económicos y Sociales para una correcta gestión del recurso pejerrey.
- Nueva guía práctica para estanques de jardín - K. Wieser
- Nutrient Requirements of Fish
- Scientific Advances in Animal Nutrition Promise for the New Century, Proceedings of a Symposium
- Tomo I – Sorin
- Tomo II – Sorin

2. Artículos científicos varios sobre acuarismo en general o Piscicultura en ecosistemas dulceacuicolas

- A long pathlength spectrophotometric pCO₂ sensor using a gas-permeable liquid-core waveguide - Z. Wang
- A Manual for Commercial Production of the Tiger Barb (*Capoeta tetrazona*) - C. Tamaru
- A microfluidic pH-regulation system based on printed circuit board technology - C. Laritz
- A new *Apistogramma* species (Teleostei-Cichlidae) from the Rio Negro in Brazil and Venezuela - S. KULLANDER
- A new record for the freshwater shrimp, *Atya crassa* (Smith, 1871) (Decapoda, Atyidae) on the Pacific coast of Mexico - M. MARTÍNEZ-MAYÉN
- A new species of *Rineloricaria* (Siluriformes, Loricariidae) from the Paraná and Uruguay River basins, Misiones, Argentina - M. RODRIGUEZ
- A new species of the genus *Aphanius* (Nardo, 1832) (Actinopterygii, Cyprinodontidae) from Algeria - J. Blanco.pdf
- A new species of *Trichomycterus* (Siluriformes, Trichomycteridae) from south Brazil and redescription of *T. iheringi* (Eigenmann) - W. WOSIACKI
- Adiciones a la fauna de peces del Delta del Río Paraná - J. Liotta
- Agricultural Phosphorus and Eutrophication - A.N. Sharpley
- An Economical, Portable System for Hatching Brine Shrimp *Artemia*
- *Apistogramma eremnopoyge*, a new species of cichlid fish (Teleostei - Cichlidae) from Peru - Kullander
- Aspects of the reproduction of *Atya margaritacea* a. MILNE-EDWARDS, 1864 (Decapoda, Atyidae) - M. Martínez-Mayen
- *Australoheros* - Character and tree-based delimitation of species in the 'Cichlasoma' facetum group (Teleostei, Cichlidae) with the description of a new genus - Kullander
- Bacterial Diseases in Chinese Catfish
- Best Management Practices for Hawaiian Aquaculture
- Biodiversidad y Distribución de la Ictiofauna Mesopotámica Argentina - Lopez
- Biodiversity in the High Paraná river Floodplain - Agostinho

- Biogeografía de los peces continentales de la Argentina - Lopez
- Cichlid biogeography - Comment and review - P. Chakrabarty
- Cichlid biogeography- comment and review - Chakrabarty
- Cichlid Fishes from the La Plata Basin. Part V. - Description of *A. equidens plagiozonatus* sp. n. (Teleostei-Cichlidae) from Paraguay River System - S. Kullander
- Construcción de estanques y de estructuras hidráulicas para el cultivo de peces
- Controlled Spawning of the Neon Tetra
- Crecimiento de tilapias (*Oreochromis niloticus*, L.) Con piensos extrusionados de diferente nivel proteico
- Culture of Small Zooplankters for the Feeding of Larval Fish
- Defining loading limits of static ponds for catfish aquaculture - J. Hargreaves
- *Dendrocephalus* - Artemia de agua dulce, mito o realidad - Calviño
- Description of a new *Batrochoglanis* species (Siluriformes, Pseudopimelodidae) from the rio Paraguai basin, State of Mato Grosso, Brazil - Shibatta
- Description of two new species of the catfish genus *Trichomycterus* from southeastern Brazil (Siluriformes, Trichomycteridae) - A. ALENCAR
- Diagnosis and Treatment of *Aeromonas hydrophila* Infection of Fish - Swann
- Ecology meets endocrinology - environmental sex determination in fishes - J. Godwin
- Enrichment of artemia for use in freshwater ornamental fish production - C. Tamaru
- Environmental determination of sex in *Apistogramma* (Cichlidae) and two other freshwater fishes (Teleostei) - U. Romer
- Environmentally related life history variations in *Geophagus brasiliensis* - R. Mazzoni
- *Epactionotus aky* (sp. nov.) - Azpelicueta
- Evaluación del efecto parasiticida de los extractos acuoso y metálico de *Buddleja cordata* HBK (tepozán) sobre *Costia necatrix* en tilapia (*Oreochromis* sp)
- FISH VETERINARY JOURNAL N4 - 1999
- Genetic, abiotic and social influences on sex differentiation in cichlid fishes
- Genetic, abiotic and social influences on sex differentiation in cichlid fishes and the evolution of sequential hermaphroditism - R. Oldfield
- Guide to Identification of Fresh Water Microorganisms
- *Hypostomus macushi*, a new species of the *Hypostomus cochliodon* group (Siluriformes, Loricariidae) from Guyana -J. ARMBRUSTER
- Ichthyological ecoregions of Argentina - H. López
- Karyotype and mitochondrial 16S gene characterizations in seven South American - Marescalchi
- Lipoproteins from plasma and perivelline fluid of the apple snail *Pomacea canaliculata*
- Lista comentada de la ictiofauna del delta del Río Paraná - J. Liotta
- Manual for Commercial Production of the Gourami (*Trichogaster Trichopterus*) - B. Cole
- Manual for Commercial Production of the Swordtail (*Xiphophorus helleri*) - C. Tamaru
- Manual para el cultivo y uso de artemia en acuicultura - FAO
- *Microcambeva ribeirae* sp. n. (Teleostei, Siluriformes, Trichomycteridae), a new sarcoglanidine catfish from the Rio Ribeira do Iguape basin, southeastern Brazil - W. COSTA
- New species of the catfish genus *Trichomycterus* (Siluriformes, Trichomycteridae) from the headwaters of the rio São Francisco basin, Brazil - W. WOSIACKI
- Nitrogen biogeochemistry of aquaculture ponds - J. Hargreaves
- Old species and new concepts in the taxonomy of *Pomacea* (Gastropoda: Ampullariidae)
- Ovarian development in the Amazonian Red Discus, *Symphysodon discus* Heckel (Osteichthyes, Cichlidae) - Chellappa
- Oviductal structure and provision of egg envelopes in the apple snail *Pomacea canaliculata* (Gastropoda, Prosobranchia, Ampullariidae)
- Peces del Uruguay - Lista Sistemática y Nombres Comunes (DI.NA.R.A.)
- *Peckoltia cavatica*, a new loricariid catfish from Guyana and a redescription of *P. braueri* (Eigenmann 1912) (Siluriformes) - J. ARMBRUSTER
- Phosphorus budget as a water quality management tool for closed aquatic mesocosms - C. Trepanier

- Phylogeny and biogeography of cichlid fishes (Teleostei-Perciformes-Cichlidae) - J. Sparks
- *Pomacea canaliculata* (Gastropoda: Ampullariidae): Life-history Traits and their Plasticity
- Pond age-water column trophic relationships in channel catfish *Ictalurus punctatus* production ponds - P. Zimba
- Pond Culture of Hybrid Striped Bass in the North Central Region
- Population ecology of pike-cichlid, *Crenicichla lepidota*, in two streams of the Brazilian Pampa subject to a severe drought - J. Lobon-Cervia
- Procedural Guide for the Artificial Insemination of the Lyretail Swordtail, *Xiphophorus helleri*
- Producción semi-intensiva de biomasa de *Artemia franciscana* kellogg 1906 (cepa Virril , Perú) utilizando diferentes dietas 2
- *Pseudancistrus sidereus*, a new species from southern Venezuela (Siluriformes, Loricariidae) with a redescription of *Pseudancistrus* - J. ARMBRUSTER
- Raising the Silver Arowana (*Osteoglossum bicirrhosum*) - C. Brown
- Recent developments in the application of live feeds in the freshwater ornamental fish culture
- Recirculating Aquaculture Tank Production Systems - Losordo
- Redescubriendo *Austrolebias robustus* - Calviño
- Relationships between fish assemblages, macrophytes and environmental gradients in the Amazon River floodplain - P. PETRY
- Relative growth of *Atya Margaritacea* - Milne-Edwards, 1864 (Decapoda, Atyidae) - Mayen
- Review of the genus *Hypostomus* Lacepede, 1803 from rio Ribeira de Iguape basin, with description of a new species (Pisces, Siluriformes, Loricariidae) - O. OYAKAWA
- Scale and squamation character polarity and phyletic assessment in the family Cichlidae - E. LIPPITSCH
- Shipping Practices in the Ornamental Fish Industry
- Shipping Practices in the Ornamental Fish Industry - B. Cole
- Some Aspects of the Development of *Lobatostoma jungwirthi* Kritscher, 1974 (Aspidogastrea) in Snails and Cichlid Fishes from Buenos Aires, Argentina
- Spatial partitioning of fishes in the Rio Paraguay
- Spawning and Production of the Lemon Tetra (*Hyphessobrycon pulchripinnis*) - B. Cole
- Spawning and Production of the Serpae Tetra (*Hyphessobrycon serpae*) - B. Cole
- Spawning and Production of the Serpae Tetra, *Hyphessobrycon serpae*
- Spawning the tinfoil barb (*Barbodes schwanenfeldi*) - R. Bailey y B. Cole
- Temporal patterns of resource partitioning among *Cichla* species in a Venezuelan blackwater river - D. B. JEPSEN
- The Complete larval development of *Caridina japonica* - Hamano
- The fish fauna in tropical rivers - The case of the Sorocaba river basin, SP, Brazil - Smith
- The freshwater shrimps of Curaçao (Decapoda, Caridea) - Debrot
- The Oldest fossil cichlids (teleostei - Perciformes) - indication of a 45 million year old species flock - Murray
- The species of the *Hypostomus cochliodon* group (Siluriformes, Loricariidae) - J. ARMBRUSTER
- *Tilapia*
- *Trichomycterus giganteus* (Siluriformes, Loricarioidea, Trichomycteridae) a new catfish from the Rio Guandu basin, southeastern Brazil - S. LIMA
- Triploid Chinese Catfish
- Tropical fishes as biological bulldozers - Density effects on resource heterogeneity and species diversity - A. Flecker
- Using commercial feeds for the culture of freshwater ornamental fishes in Hawaii

3. Artículos científicos varios sobre acuarismo en general o Piscicultura en ecosistemas marinos

- A review of the main bacterial fish diseases in mariculture systems
- Collecting Black-lip Pearl Oyster Spat
- Coral reef fish breeding the secrets of each species
- Economics of a Pacific threadfin (*Polydactylus sexfilis*) Hatchery in Hawaii
- Farming Soft Corals for the marine aquarium trade
- *Gracilaria* Gall Syndrome

- Growout Techniques for the Pacific Threadfin *Polydactylus sexfilis*
- How to Make and Sell Giant Clam Shell Products
- Lagoon Farming of Giant Clams (Tridacnidae)
- Nursery and Grow-out Techniques for Giant Clams (Tridacnidae)
- Prevention of Black Gill Disease in Marine Shrimp
- Producing Pearls Using the Black-lip Pearl Oyster (*Pinctada margaritifera*)
- Production Economics of Giant Clam (tridacna)
- Recent Advances in Lagoon-based Farming Practices for Eight Species of Commercially Valuable Hard and Soft Corals - A Technical Report
- Shrimp Diseases
- Spawning and Early Larval Rearing of Giant Clams (Bivalvia - Tridacnidae)
- Starting A Successful Commercial Sponge Aquaculture Farm
- The Basic Methods of Pearl Farming - A Layman's Manual
- The Culture of Soft Corals (Alcyonacea) for the Marine Aquarium Trade

4. Libros sobre acuarios plantados

- Algae - An introduction to phycology - Van Den Hoek
- Aquarium Plants - Barry James - Tetra Press
- Aquarium Plants - c. Kasselmann
- Aquarium Plants - K. Rataj y T. Horeman
- Aquatic Plant Book - Christopher D.K. Cook - SPB Academic Publishing
- Ecology of the planted aquarium - D. Walstad – Echinodorus Press
- Las plantas de acuario - G. Brunher - Vida Acuática
- Las plantas de acuario - Milton Barks - Hispano
- Nueva Guía Práctica de Plantas Acuáticas - G. Brunner y P. Beck - Tetra Press
- Plantas de acuario - Kaspar Horst - Omega
- Planted Aquarium - Creation and maintenance - C. Kasselmann

5. Sistemática de plantas acuáticas

- A new species of *Echinodorus* - R. Haynes
- A Revision of *Anubias* Schott - W. Crusio
- Alismataceae de Argentina - Karel Rataj – Darwiniana
- Anatomía foliar en *Nymphoides indica*, *Nymphaea amazonum* y *Victoria cruziana*, especies con lámina foliar flotante del macrosistema Iberá
- *Cryptocoryne dewitti* N. Jacobsen sp. Nov. (Araceae)
- *Cryptocoryne gasseri* N. Jacobsen sp. Nov. (Araceae)
- Das Pflanzenreich - Araceae - Adolf Engler
- Flora Neotrópica 64 – The Alismataceae
- Green Plants - Their Origin and Diversity
- Guía macrofitos dulceacuícolas de la comunidad valenciana - A. Tormo
- *Hydrilla verticillata*
- *Lagenandra keralensis* (Araceae), a remarkable new species from India
- Notes on *Echinodorus* - R. Haynes
- *Nymphaea elegans* (Nymphaeaceae) nueva cita para la Republica Argentina - Nuncia Tur
- Plantas acuáticas de los humedales del este (Uruguay)- E. Alonso
- Revisión del género *Potamogetón* en Argentina - Tur Nuncia - Darwiniana
- Taxonomy of Mexican Podostemaceae - A. Novelo
- Taxonomy of Podostemaceae in Argentina - Nuncia Tur
- Trimorphic incompatibility in *Eichhornia azurea* (Pontederiaceae)
- Two new Alismatidae from Ecuador and Peru - L. Holm-Nielsen - Brittonia
- Uma nova espécie de *Bacopa* Aubl. (Scrophulariaceae) da América do Sul - V. C. Souza

6. Artículos científicos varios sobre plantas acuáticas

- A Guide to the Ecology and Care of Mangroves - Julian Sprung
- A method for cultivating plants under controlled redox intensities in hydroponics - J. Lissner
- A triploid cytotype of *Echinodorus tennellus* - J. Costa
- Absorption spectroscopy of colored dissolved organic carbon in Georgia (USA) rivers: the impact of molecular size distribution
- Alteraciones Producidas por la Vegetación Flotante (*Eichhornia crassipes*) en la Calidad del Agua de Lagunas del Bajo Paraná
- Ammonium and nitrate uptake by aquatic plants from poorly buffered and acidified waters - J. Schuurkes
- An inter-comparison of coloured dissolved organic material and phytoplankton absorption coefficients: implications for meris data validation.
- Anatomia das raízes de *Bacopa Salzmanii* e *Bacopa Monnieroides* (SCROPHULARIACEAE) em ambientes aquáticos e terrestre - Cleusa Bona
- Antialgal furano-diterpenes from *Potamogeton natans* L. - M. Dellagrecia
- Aquatic modules for bioregenerative life support systems based on the C.E.B.A.S. biotechnology - V. Bluem
- Aquatic plant communities and predictors of diversity in a sub-tropical river floodplain- the upper Rio Paraná, Brazil - K.J. Murphy
- Attenuation of ultraviolet radiation in a large lake with low dissolved organic matter concentrations
- CMOS Chip as Luminescent Sensor for Biochemical Reactions
- Construction and Testing of an Inexpensive PAR Sensor
- Contribution of chromophoric dissolved organic matter to attenuation of ultraviolet radiation in three contrasting coastal areas
- Control of turion germination in *Potamogeton crispus*
- Differential response of tellimagrandin II and total bioactive hydrolysable tannins in an aquatic angiosperm to changes in light and nitrogen - Gross E.
- Dissolved organic carbon and nutrients as regulators of lake ecosystems: Resurrection of a more integrated paradigm - Craig E. Williamson
- Distribuição de macrófitas aquáticas no Pantanal - Vali Joana Pott
- Early Cretaceous lineages of monocot flowering plants - Kåre Bremer
- Early results for validation of meris water products in The skagerrak
- Effects of CO₂ concentration and light intensity on photosynthesis of a rootless submerged plant, *Ceratophyllum Demersum* L.
- Effects of light reduction on growth of the submerged macrophyte *Vallisneria americana* and the community of root-associated heterotrophic bacteria - J. Kurtz
- Effects of submergence on the growth of *Phragmites australis* seedlings - A. Mauchamp
- El uso del calcio soluble para estimular el crecimiento vegetal
- Estimation of dissolved organic carbon (doc) Concentrations in nanoliter samples using UV Spectroscopy
- Field effects of simazine at lower trophic levels (a review) - Morten T.Strandber
- Floating water-plantain (*Luronium natans*)
- Flower structure and development of Araceae compared with alismatids and Acoraceae - Matyas Buzgo
- Food Potential of aquatic Macrophytes - Peter Edward
- Genetic Diversity and Population Structure of Wild Lentil Tare - Man Kyu Huh
- Impact of submerged macrophytes including charophytes on phyto- and zooplankton communities - allelopathy versus other mechanisms - Ellen van Donk
- In vitro germination and micropropagation of water chestnut - A. Agrawal
- Interactions between light and CO₂ enhance the growth of *Riccia fluitans* - Pedersen
- Interference competition between *Ludwigia repens* and *Hygrophila polysperma*. Two morphologically similar aquatic plant species - R. Doyle
- Las plantas acuáticas del macrosistema Iberá
- Light climate and plankton in the deep chlorophyll maxima in North Patagonian Andean lakes
- Low photoinhibition among submerged macrophytes

- Models of aquatic plant productivity, a review of the factors that influence growth - G. Carr
- Morphological adaptations and photo synthetic rates of amphibious *Veronica anagallis-aquatica* L. (Scrophulariaceae) under different flow regimes - M. Torres Boeger
- New vegetal metabolic path - SIGMA Press
- Nitrate reductase activity in roots and shoots of aquatic macrophytes - N. Cedergreen
- Optical Water Quality of Lake Tahoe
- P3-CO2 concentrating mechanisms - Organised by R.C. Leegood
- Parameterization of light scattering for solving the inverse problem of determining the concentrations of the principal light scattering and absorbing admixtures in shelf waters
- Photosynthesis (Artículo extenso de fuente desconocida)
- Physycal-chemical characterisation of Parana River in Corrientes-Argentina. Part II. "Alcalinity, Hardness, Calcium, Sulfate, and Chloride - several years variations"
- Plantas HIDROFITAS
- Plantas palustres del Macrosistema Iberá
- Pollination of *Echinodorus grandiflorus* (Alismataceae) - M. Vieira
- Population dynamics and net primary production of the aquatic macrophyte *Nymphaea rudgeana* in a lotic environment of the Itanhaem river basin - A. Camargo
- Relationships between water level fluctuations and vegetation diversity in shallow water of New Zealand lakes - Tenna Riis
- Relevant variables to predict macrophyte communities in running waters - A. Barendregt
- Restoration of aquatic macrophyte vegetation in acidified and eutrophied softwater lakes - Emiel Brouwer
- Seed Propagation Techniques for Wetland Plants
- SEM study of surface structures of the spathe in *Cryptocoryne* and *Lagenandra* (Araceae-Aroideae-Cryptocoryneae) - M. ORGAARD
- Simulation of light environment with fluorescent lamps and design of a movable light mounting fixture in a growing room - Fang
- Some Plants to Grow Under Lights
- Species-specific depth zonation in New Zealand charophytes as a function of light availability - A. Schwarz
- Study of the carbon dioxide solubility in solvent and electrolysis used in lithium ion batteries - F. Blanchard
- Symbiotic germination of three semi-aquatic rein orchids (*Habenaria repens*, *H. quinquiseta*, *H. macroceratitis*) from Florida - Scott L. Stewart
- The effect of alkalinity on photosynthesis light curves and inorganic carbon extraction capacity of freshwater macrophytes - S. Kahara
- The effect of changing environmental variables in the surrounding water on the physiology of *Elodea nuttallii* - J. Iwan Jones
- The relationship between light attenuation, chlorophyll a and total suspended solids in a Southern Andes glacial lake
- The vertical attenuation of irradiance as a function of the optical properties of the water
- Toxicological evaluation by in vitro and in vivo assays of an aqueous extract prepared from *Echinodorus macrophyllus* leaves - L. Costa Lopes
- Two models for absorption by coloured dissolved organic matter (CDOM)
- UV transparency in NZ lakes and the impact of UV on freshwater zooplankton and benthic plants
- Variation in P-content in aquatic plant tissues offers an efficient tool for determining plant growth strategies along a resource gradient - C. GARBEY
- Variation of climatic and physical Co-determinants of phytoplankton community In four nictemeral sampling days in a shallow Tropical reservoir, southeastern Brazil
- Waterblommetjie (*Aponogeton distachyos*, aponogetonaceae), a recently domesticated aquatic food crop in Cape South Africa with unusual origins

7. Libros sobre cíclidos

- Manual de Cíclidos del Malawi - Ad Koenings
- Peces de Malawi - Mantenimiento y Cria Exitosas - A. Spreinat

-
- Phylogeny of Geophagine Cichlids from South America (PERCIFORMES - LABROIDEI) - H. López fernández (Copia digital de la Tesis)

8. Libros Varios aportados por los miembros de la asociación

- Anatome plantarum - Pars altera (1679) - M. Malpighii
- Anatome plantarum (1675) - M. Malpighii
- Biology - Science for Life - V. Borden
- Frumentorum, leguminum, palustrium et aquatiliu herbarum, ac eorum, quae eo`pertinent, historia (1566) - Rembert Dodoens
- Handbook Of Chemistry And Physics
- Introductory Biostatistics - Chap Le
- Philosophia Botanica (1783) - Carl Von Linné
- Raven and Johnson's Biology - 6th
- Statistics for Research (third edition) - Shirley Dowdi
- World of Microbiology and Immunology - Brigham Narins
